

Are you *econfid*ent???

Dear valued West Coast customer,
Ecology, Sustainability, Oekotex 100, bluesign® etc. There are a lot of questions from retailers and your customers coming your way. DyStar has the expertise, products and services to help you fulfill the ecological requirements of your ever more demanding customer base. DyStar's *econfid*ence program will provide the answers and confidence you need to meet the ecological requirements for today's consumer textile products.

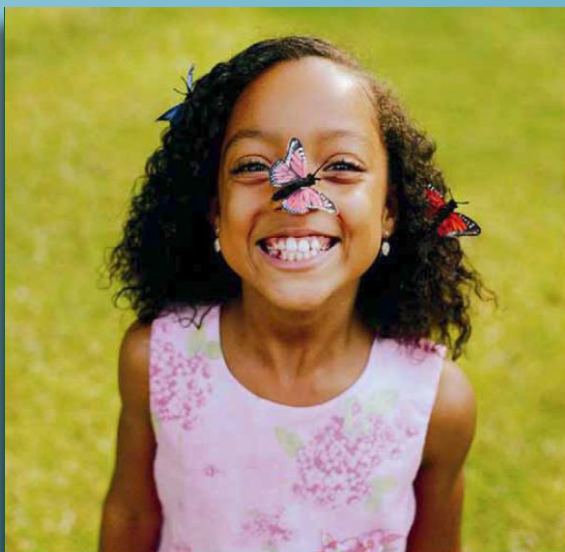

*econfid*ence with DyStar's Dianix Dyes

*Do you know what you are buying? You might get more than you bargain for? DyStar will make you *econfid*ent!!!*

- *DyStar does not market "banned" azo colorants (MAK-Amines)*
- *All DyStar dyes are "Oeko-Tex Standard 100" approved*
- *Many DyStar products are bluesign® approved*
- *Controlled manufacturing ensures minimal trace heavy metal contamination*
- *All DyStar dyes meet the ETAD Guideline Limit Values for heavy metal impurities*

With DyStar dyes you are always on the safe side!!!

*Become *econfid*ent today!!!*
